

SCIP Declaration

(Substances of Concern In articles as such or in complex objects (Products))

SCIP is the EU database for information on Substances of Concern In articles as such or in complex objects (Products) established under the Waste Framework Directive (WFD).

(For additional information -see ECHA web site: : <https://echa.europa.eu/scip>)

According to 2008/98/EC Waste Directive, as amended by Directive (EU) 2018/851, as from 5 January 2021, information on articles containing REACH Substances of Very High Concern (SVHCs) – listed in the Candidate List, in a concentration above 0.1% w/w placed on the EU market needs to be notified to ECHA.

Plasson is monitoring and reviewing the REACH SVHCs List on a regular basis to ensure its conformity with the requirements.

A SCIP notification, based on the most updated SVHC list (dated: 8 July 2021), was submitted to the SCIP Database, according to the requirements and provisions of the Waste Directive for Plasson 's products that contain SVHC in a concentration above 0.1% weight by weight, as detailed:

ECHA Submission Type	Group primary item Number	Group Description	Plasson item numbers	SCIP number
SCIP Notification	492104	PE/Brass transition fittings Male transition coupler	4921/4931/4925/4935/ 4926/4936/4941/4945/ 4946/ 4944	bd5523da-eab9-4f0e-83d7-52706ec0a080
